Nationwide & Worldwide Chauffeured Services

ABC WORLDWIDE

Who We Are

It gives me great pleasure to introduce you to ABC Worldwide Chauffeured Transportation, the distinctively superior choice in corporate chauffeured ground transportation solutions. ABC's mission is to provide unparalleled professionalism to every individual we serve and is committed to enabling your success by delivering a highly personalized level of service that by far will exceed your expectations. With over 35 years combined experience in the chauffeured ground transportation and upper echelon corporate travel industry, the Principals of ABC Worldwide take great pride in their stellar reputation of being the distinctively superior choice in chauffeured transportation solutions. As you consider ground transportation solutions for your next event, I encourage you to select ABC Worldwide. I am certain that our service will by far exceed your expectations.

**Airport Transportation • Conventions
Corporate Accounts • Road Shows**

Corporate Services

ABC Worldwide is committed to the corporate, government and retail community in providing stellar ground transportation solutions. ABC is capable of handling transportation for the individual corporate traveler up to a 1000 person orchestrated group movement. ABC's Corporate Group Sales professionals are extremely capable of assisting you in the complete planning, oversight and management of your next group movement regardless of size or magnitude. Let our team of professional on-site coordinators meet and greet your attendees and safely facilitate the ease of movement to their scheduled events. With late model vehicle offerings from 15-passenger vans, mini buses and full size motor coaches, ABC Worldwide is the perfect choice for ground transportation solutions for corporations, universities, hotels, conferences, conventions, and an excellent resource for meeting planners.

Worldwide Services

ABC Worldwide is a one stop shop and committed to its clients by providing transportation solutions anywhere they require ground transportation solutions. To that end, ABC Worldwide has a global affiliate network that spans the far reaches of the globe, in over 450 cities worldwide. Some chauffeured service companies have so-called affiliate networks for the most part, loose relationships with small "mom and pop" operators in those cities. These companies purport to offer seamless service globally, but in fact offer widely varying service levels from location to location. ABC Worldwide on the other hand has aligned itself with a global franchise system, giving you the essential benefit of service consistency virtually anywhere you need to travel, all with one phone call and on one bill.
